PROFILE

Product-minded business graduate with 3+ years across customer success, support engineering and sales. Now building case studies and shipping real prototypes (Cleo, PlayPal) to prove product thinking through execution, not theory. MSc International Business, EMLV Paris. Based in Paris, fully authorized to work in France.

PROJECTS

Cleo — AI assistant for international students in France [\[LIVE\]](#)

Next.js · Gemini · Groq/Llama

[cleo-app-theta.vercel.app](#)

- Identified an underserved segment (400K+ international students/yr with no onboarding guide for CAF, CPAM, OFII, banking) and shipped a free AI guide with a 7-day action plan.
- Owned the full lifecycle solo: discovery, PRD, LLM prompt design, API integration, UX, deployment, post-launch iteration.

PlayPal — social sports app for local match discovery [\[LIVE MVP\]](#)

React · Supabase · Lovable

[sport-link-app.lovable.app](#)

- Validated demand through user interviews, then shipped end-to-end: PRD, user stories, MoSCoW roadmap, UX, launch and iteration. NSM: weekly active players per city.

PROFESSIONAL EXPERIENCE

Customer Success Manager

Octopus Era, Paris · 2023 – 2024

- Managed a €16K+ client portfolio across digital marketing engagements, delivering 90%+ on time and on scope.
- Drove 20%+ account growth through proactive check-ins, upsell identification and quarterly business reviews aligned to client OKRs.

Product Support Engineer

Vxceed Software Solutions, Bengaluru · 2021 – 2022

- Protected INR 2Cr+ (~€220K) in enterprise revenue by resolving 50+ critical escalations; built a 50-entry knowledge base that cut repeat escalations by ~33%.
- Surfaced 12+ recurring bug patterns from support data and translated them into 3 shipped product fixes, eliminating entire ticket classes.

Sales & Marketing Intern

iCell, Paris · 2025 – 2026 (part-time)

- Designed and tested 15+ content campaigns across 3 seasonal pushes; tracked 8 competitors weekly in a market intelligence report informing pricing and promotions.

PRODUCT CASE STUDIES

PhotoRoom (pricing): diagnosed a mismatch between flat-rate subs and rising AI compute costs; designed a 3-layer monetisation fix to protect margin.

Joko (retention): redesigned the milestone progress loop to break a 30-day churn pattern and drive daily engagement (4M+ users).

Netflix (Gen Z growth): designed a short-form clips feed to convert scroll attention into full-title viewing (270M+ subs).
